

Ultra Aluminum[™] Specialty Post Flanges are Designed for Strength, Versatility and Innovation.

Ultra Aluminum[™] helps tap into your desire to explore some exciting new railing designs and configurations. We've developed a series of flange extensions to allow your railing to 'float' outside of the surface of your balcony, porch or decking. There are different flanges for inside corners, outside corners as well as support brackets for bottom rails.

Note: Use Specialty Post Flanges with Signature Assembled Panels Only.

2" Stub Mount

A very substantial 12" tall aluminum extrusion with an outer dimensions of 2" to fit a 2.5" boss.

12" Stantion Mount

2" x .125 boss post welded to 4" x 4" x 5/8" flange.

Bottom Rail Support Required

Before Concrete After Concrete

We've also developed two different surface-mounted stub mounts to be built into the substructure of a concrete porch or balcony.

2", 2.5" and 3" Residential Post Kit For wood or concrete applications.

Includes: cap, post, flange, flange cover, and 2 wedges.

Fastening Hardware NOT included. Enter Color Code when ordering.
